

Year 3 Newsletter

Autumn 1 2023

Welcome

Welcome to Year 3 and the start of your KS2 journey – we are so pleased to have you. We hope you've all had a brilliant summer break and are ready to join us in what promises to be a successful start to the term.

Unit of Learning

In science this term, we will be studying rocks and fossils. We will begin by learning how to identify different rocks and their properties.

In our geography lessons, we will be exploring urban and rural areas. More specifically, we will learn about the different countries, counties and regions that make up the UK.

In RE this term, we will be looking at different creation stories, including Christianity, Islam and Judaism.

In our art lessons, we will be studying indigenous Australian art, focusing on the works by the artist Emily Kngwarreye.

English

In English this term, we will begin by reading 'The Tin Forest' by Helen Ward and Wayne Anderson. This is a beautiful story exploring humankind's impact on the environment. We will focus on descriptive writing, specifically generating our own adjectives to create expanded noun phrases. In reading, we will be studying 'Flat Stanley' by Jeff Brown. We will refine and further develop our knowledge of ambitious vocabulary, retrieval and inference skills.

Maths

Continuing to follow the White Rose scheme, we will build on the children's understanding of place value by looking at numbers to 1,000. We will then teach the children to solve addition and subtraction equations using a formal, written method. Children will be encouraged to regularly practise their times tables, both at school and at home. This is crucial to continue to build the children's fluency skills.

Home Learning

We recognise the importance of learning at home and our Home Learning Journal enables children, parents/carers, and teachers to communicate regularly. One of the most important ways to help your child is to read with them and listen to them read. Once children develop reading fluency, it is crucial they now develop high-level comprehension skills. One way you can promote this, is through regularly reading with your child and asking them questions about what you have read together. We would also suggest that you encourage your child to practice their weekly spellings and times tables daily. Please ensure that your child brings their journal to school every day. Additionally, the children have access to TTRS and your child's login details can be found in their Home Learning Journal.

P.E. kit

For PE children should wear black shorts/tracksuit bottoms, navy/black/white t-shirts and trainers/plimsols. Please can children remember to bring their PE kit on Monday and leave at school until Friday.

**Thank you for your support,
Mr. Reynolds Mrs. Wheeler Mr. Jones**
