

Year 4 Newsletter

Summer 2

Welcome back to the final half-term of Year 4! We hope you're feeling refreshed and ready for the exciting learning journey that awaits us this half-term. We are very proud of everything the children have achieved so far and want to take a moment to thank you all for your continued support. We aim to make this final half-term memorable for all!

English and Maths

This term promises to offer some fantastic writing opportunities. In English, we will be enjoying the adventurous tale of *How to Train Your Dragon* by Cressida Cowell. As part of our learning, the children will immerse themselves in the world of dragons and Vikings, developing their persuasive writing skills by creating an exciting travel brochure for the Isle of Berk, encouraging visitors to explore the unique and fascinating island.

In Mathematics, we will be focusing on money before moving on to shapes and coordinates. The children will develop their understanding of the properties of shapes, explore position and movement on a grid, and strengthen their mathematical reasoning and problem-solving skills.

Foundation Subjects

In Year 4 this term, your child will explore living things and their habitats in Science. Geography will inform us about climate change and its effects on both the environment and human societies. In Religious Education, they will learn about Sikhism. In French, the children will develop their vocabulary through shopping activities, and in Design Technology they will bake healthy flapjacks while learning about healthy eating. It's set to be a term filled with discovery and practical learning across various subjects.

Multiplication Check

Year 4 will complete their statutory Multiplication Tables Check over the next two weeks. It is important that all children are practising their times tables regularly at home.

All children have access to *Times Tables Rock Stars* from home. On this platform, children are expected to be **logging on daily for 5 minutes**.

Home Learning

There are few things as powerful as reading regularly with your child! Daily reading is such an important part of your child's routine, and we would encourage this to be recorded in the home learning journal.

P.E. & Swimming kit

Children should wear black shorts/tracksuit bottoms, navy/black/white t-shirts and trainers/plimsolls. Please remind children to bring in their P.E. kit on Monday and leave it in school until Friday.

4IP will continue their swimming lessons this term. Please remember to bring your swimming kit, towel and swim cap every Wednesday.

Thank you for your support,

Miss Tesfai
